

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, Nov. 1.—During the greater part of the active market today trading manifested no pronounced trend aside from further advances to new maximums of certain speculative specialties, mainly those comprising the paper, leather and metal groups. Standard issues pursued a narrow and frequently irregular course, the monotony of the movement being relieved by occasional substantial advances in munitions and equipments.

In the final hour, an urgent demand for U. S. Steel, which had been little more than firm, carried the entire list to highest levels of the season. Steel changed hands in individual lots of 1,000 to 8,000 shares up to 121 a gain of 2 1/2 points and within 1/4 of a point of its record. Munitions were featured by Crucible Steel, which rose 5 1/2 to 95.

New records of the day were contributed by Atlantic, Gulf and West Indies common and preferred at 110 and 72. American Writing Paper preferred at 52 1/2 and American Steel Foundry at 66 1/2.

Numerous unclassified stocks participated in the rise at variable but for the most part substantial gains. Coppers were relatively backward.

Motor shares again were under marked pressure. Marines were inclined to lag, but came forward later. Coalers were almost the sole features among prominent rails. Total sales 1,180,000 shares.

An advance of 7 1/2 points in Texas and Pacific second mortgage five's featured the irregular bond market. Total sales, par value, \$5,625,000.

U. S. bonds were unchanged on call.

METAL MARKET

NEW YORK, Nov. 1.—Lead 7 at 7.95. Spelter firm; spot East St. Louis delivery 19 at 10 1/4. Copper firm; electrolytic first quarter 28. Bar silver 68 1/2.

CHICAGO GRAIN.

CHICAGO, Nov. 1.—Persistent anxiety as to possible disturbance of relations between the United States and Germany, with word of Australian imports and of rains in Argentina, resulted today in a swift decline of wheat prices here. The close was unsettled 3 to 6 1/2 net lower with December at 1.82 1/2 to 1 1/2 and May at 1.81 1/2 to 1.82. Corn lost 2 1/4 to 3 1/2, and oats one to 1 1/2. In provisions the outcome was a rise of 6 1/2 to 25c. Definite assertions that without any warning six Americans had been killed and 51 other Americans imperilled by a German submarine put wheat prices under decided selling pressure right from the start. The news was coupled here with references to President Wilson's latest warnings as to conditions that would cause a break with Germany and were also joined with Secretary Lansing's statement today that the United States policy regarding submarine attacks would be firmly upheld.

Bears made much of dispatches from San Francisco that vessels were being chartered to bring wheat from Australia. It was said, too, that Minneapolis millers had been making liberal use of shipments from Canada. The final straw for the bulls came in the form of a report that heavy rains were greatly improving crop prospects in Argentina.

Liquidation of wheat holdings was on such a large scale throughout the session that rallies were of comparatively no importance. Scarcity of storage insurance offered a special target for the bears and so did a falling off in export transactions. It was easy to depress corn in view of the

ISN'T WORRIED BY SCARCITY OF MEN

Elsie Janis.

Although millions of men are dying on European battlefields, Elsie Janis, the popular young actress who has just returned to this country after having spent much time in London, says women need not worry. She declares that bachelors are disappearing in Europe, and that large numbers of boys too young to fight will soon reach a marriageable age.

breaks in the value of wheat. Fine weather and increasing arrivals here counted noticeably against the bulls. Oats gave way with other cereals.

Provisions were strengthened by purchase for Belgium. At one time lard rose to the highest point yet this season.

(By L. J. Overlock)

NEW YORK, Nov. 1.—The market opened strong and continued its upward trend throughout, closing at the best of the day. There was more activity in zinc stocks than for some weeks. The revival of the story that American zinc and Butte & Superior will consolidate is given as cause for strength shown in these two issues.

The change of betting odds of 6 to 10 in favor of Hughes is said to have had favorable effect on the stock market.

WIFE OF G. O. P. VICE PRESIDENTIAL NOMINEE IS ACTIVE IN WOMEN'S CLUBS

Mrs. Charles Warren Fairbanks.

Mrs. Charles Warren Fairbanks, wife of the Republican vice presidential nominee, has for many years been active in the National Federation of Women's Clubs. She was president general of the D. A. R., 1901-1905, and is identified with other patriotic organizations. She was one of the founders of the "Junior Republic."

DEUTSCHLAND HAS PRECIOUS CARGO

(Continued From Page One)

times when he had her submerged and under water she "moved up and down easily with the seas." So severe was the storm that at times the submarine made only a mile an hour headway. In all she was delayed three days, her captain figured and fuel was consumed at a rate far in excess of normal.

The Deutschland was still supplied for "nearly 30 days" when she came in. During the trip of 4,500 miles, the Deutschland traveled under water less than 100 miles, "ninety five, I should think," Captain Koenig said.

Blockade Leaky. "They call it a blockade. You can judge how much it blockades," the skipper exclaimed.

To questions whether the submarine brought to this country among its drug consignments any medicine that might contain relief from infantile paralysis, Captain Koenig replied in the negative. "There is such a serum in Germany, but its development requires monkeys," he said.

"There are no more monkeys in Germany since the war, so they cannot make it," was his explanation. Neither Captain Koenig, nor Paul L. G. Hilken, of the Eastern Forwarding company, to which the Deutschland's cargo is consigned, would give the details of her cargo.

A cursory examination of the submarine by Collector of Customs James L. Gordon today developed nothing, he said, that would conflict with her classification as a merchantman. The fact that the Deutschland was officially classed as such at Baltimore will have no bearing on her standing at present, it was said.

Armed—With Revolver. Accordingly, Commander Yates Sterling, of the naval station, at the re-

quest of the customs officials, expects to make a visit of inspection tomorrow. Captain Koenig said the only weapon aboard, as on his previous visit, was a revolver which he carried.

Reports of a conflict between the Deutschland's officers and the naval officers at this port over dismantlement of the submarine's wireless apparatus in keeping with the government's neutrality regulations, were denied both by Captain Koenig and Commander Sterling.

To Take Rubber Back.

"The wireless of the Deutschland is sealed," the latter said. The Deutschland is shrouded in strict secrecy. The walls of the shed which house her return cargo, supposed to be rubber and nickel, form a protection at two sides. A fence surmounting a pantoon shuts off the entrance to the Thames River, and on the fourth side the North German Lloyd steamer Willehad acts as a barrier and as a home for the Deutschland's crew. Only a guard on the decks remained aboard the submarine tonight, Captain Koenig and his 8 men having removed their effects to the roomier steamship.

Sea Salts Marvel.

The mariners of this old time whaling port discussed with admiration today the feat of Captain Koenig in bringing his vessel into this port without pilot in the darkness of night and of fog. The slip into which he poked the Deutschland without assistance is a mile from the mouth of the Thames River, almost to the railroad bridge from which Harvard-Yale crew races have been started or finished for years. The chart which he used was drawn in 1880. He learned that he could submerge his craft at her

dock and slip but to sea entirely under water, if he wished.

"We'll go out in daylight and we will have to submerge soon," he remarked.

Dines With Kaiser.

RHEUMATISM MAKES YOU FEEL OLD

Pains and Aches Yield to Sloan's Liniment, the Family Friend.

When your joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than musky plasters or ointments, acts quickly and does not clog the pores. It does not stain the skin.

You don't need to rub—it penetrates. Certainly fine for rheumatism, stiff neck, sciatica, lame back, toothache, etc.

For sprains strains bruises, black and blue spots, Sloan's Liniment reduces the pain and eases the soreness.

Its use is so universal that you'll consider Sloan's Liniment a friend of the whole family. Your druggist sells it in 25c, 50c and \$1.00 bottles.

Arizona Ray Copper Why Buy It?

Because its 170 acres of ground adjoins and is partly surrounded by two of the great copper mines of Arizona, RAY CONSOLIDATED and RAY HERCULES.

Because geological and mineralogical conditions, as proved by mining and drilling operations, seem to indicate that the ore bodies developed in the two big mines also extend under the Arizona Ray ground, and at shallow depth.

Because of its very location, omitting any mining development, Arizona Ray appears to have a combined intrinsic and speculative valuation far above its present price, which is now about 27c per share.

Because Arizona Ray, on one side of Arizona Ray, is now selling at about \$26.00 per share, and Ray Hercules, on the other side, sells at about \$4.00 per share.

Because these stocks sold at lower prices than Arizona Ray is offered at this time, when they were in a similar stage of development, and you failed to take opportunity by the forelock and "get aboard."

Because Arizona Ray appears to offer YOU another opportunity like the one presented to YOU by Ray Consolidated in the early days.

Because copper stocks are showing increasing activity, and copper prices will remain high for a long time, assuring a market at high prices for the product of the company.

Because Arizona Ray is listed on two great exchanges, and YOU can always find a ready market when YOU desire to either buy or sell.

Because within a few days' time the first drill-hole in the Arizona Ray ground promises to reach the "pay zone."

Because news that the extension of the ore body from the Hercules ground has been reached will cause very sharp price advances for Arizona Ray stock.

Because Arizona Ray is being well financed, is managed by one of the most successful copper mine developers in the West, and gives promise of making a great mine.

Because Arizona Ray appears to be YOUR BIG OPPORTUNITY.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

Pape's Diapepsin fixes sour, gassy, upset stomachs in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes. (Advertisement)
